SUNBURY, PENNSYLVANIA 17801

MAIN OFFICE

Phone: (570) 286-5858

Fax: (570) 286-7162

RESOLUTION NUMBER 2024-05

NOW, THEREFORE, BE IT RESOLVED That the Municipal Authority of the City of Sunbury, Northumberland County, Pennsylvania hereby authorizes the adoption of a Sewer Main/Lateral Policy as follows:

Sunbury Municipal Authority Sewer Department

(570) 988-1930

If a customer or customer's contractor is experiencing issues with their Sewer lateral and feels the main sewer line is blocked, they should contact the Sunbury Municipal Authority **FIRST**. SMA will inspect the main lines and advise them if further help is required. If doing work at a property involving the sewer lateral lines, please advise the SMA office of the work being done.

It shall be the responsibility of any customer, company, business or individual working on sewer laterals within the boundaries of the City of Sunbury to contact SMA at (570) 988-1930 and provide the location of the job, the date and time of the work, the type of repair being performed, and a list of all materials intended to be used. This allows SMA to have a crew available to flush out the main lines to prevent and/or clear any blockages.

- DO NOT flush diapers, wipes (including "flushable" wipes), cloth articles, personal hygiene products, or any items other than toilet paper into the sewer system.
- If you are putting in new basement fixtures, please call us to obtain the depth of the main sewer line near your house.
- If you have a floor drain, think about putting in a check valve.

This policy was adopted at the regular board meeting on July 9, 2024.

Sunbury Municipal Authority Sewer Department is located at 485 Fawn Lane Sunbury, PA.  
(570) 988-1930
